Amendment Overview / Changes Made

Summarize the changes made to the chapter's bylaws since its last version.

Last version contained 1,734 words. New version contains 4,724 words. There were many changes and additions. CORRESPONDING SECRETARY & RECORDING SECRETARY WERE COMBINED INTO SECRETARY. Start and end dates were defined for officer terms. The entire document was renumbered and reformatted to match the formatting of the Constitution. Membership duties including adherence to principles, maintenance of active status, attendance, and responsiveness were explicitly defined. Chapter fees, assessments, and fines were defined. The candidacy process was extensively expanded and a section on prohibited language was added to ban the use of the phrase "minimal time commitment". New officer positions and duties were added. New committees were added and existing committee structures were changed. Committee spending limits and allocations were defined. A provision was added which automatically inactivates those not present at the first roll call of a regular meeting requiring three-fourths quorum. A new bylaw was added which officially defines the chapter's awards programs and its policy with respect to regalia. New provisions were added to provide explicit authority for the chapter to govern its regular business with the passing of policies by the active membership. The bylaw amendment procedure was modified. Regular meetings are now required to occur twice a month, and the first meeting cannot be one which requires a three-fourths quorum. A regular meeting requiring three-fourths quorum can only happen once a month. Members are entitled to two-weeks notice before a regular meeting requiring a quorum. Eligibility requirements for Eminent Engineers were added.
